## What about Pumpkins?

On the outside, our pumpkin looks

On the outside, our pumpkin feels and smells

On the inside, our pumpkin looks

On the inside, our pumpkin feels

On the inside, our pumpkin smells

I think the mass (weight) of the pumpkin is \_\_\_\_\_ lbs (pounds). Our pumpkin really weighed \_\_\_\_\_ lbs. My guess was \_\_\_\_\_ too much, \_\_\_\_\_ too little, \_\_\_\_\_ just right. I think the mass of the pumpkin will be \_\_\_\_\_ lbs. without the seeds. Our pumpkin actually weighed \_\_\_\_\_ lbs. without the seeds. My guess was \_\_\_\_\_ too much, \_\_\_\_\_ too little, \_\_\_\_\_ just right.

I think the circumference (distance around) the pumpkin is \_\_\_\_\_ in. (inches). The circumference of our pumpkin really was \_\_\_\_\_ in. My guess was \_\_\_\_\_ too much, \_\_\_\_\_ too little, \_\_\_\_\_ just right.
